

# THE CLEANING RAG

2007 has seen another busy year for AMC with rapid expansion both here and overseas. Once again AMC has made the top 50 growing franchise companies in BRW for 2008. There is now over 270 National Franchisees with a State Master Franchise operator in all states excluding WA at this stage. AMC China now employs over 3000 full time staff across 3 provinces.

So to all those who have made 2007 a success thankyou and may you all with your families have a safe and happy Christmas and we look forward to see you all in the new year!!

**Merry Christmas &  
Happy New Year**

Dance

Katrina, Courtnee, Tim,  
Narelle and Emma

AMC Commercial Cleaning has achieved Triple Certification in Environmental, Safety and Quality and are the 1st National Commercial Cleaning company to achieve all 3 certificates (VIC Division) ISO9001- Quality, AS4801 Safety and ISO14001 Environment. The gruelling task of achieving all three, has taken the team in the VIC Division headed up by Tim Broatch over 12 months.

But what does this mean to AMC and our clients? AMC will be able to monitor all aspects of our business ensuring that not only the safety of our staff is paramount but our impact on our precious environment is limited and still be able to provided constant quality improvement.

Our Clients now have access to the AMC intranet and our IMS (Integrated Management System) which allows easy access to all relevant files, quality and environmental audits , AMC personnel on site, contract specification information, risk assessments and building reports.

**Congratulations to Tim  
and the VIC team on a  
great achievement.**
